Maximum Marks	2 Marks

Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Searches for the app/website - Signs up / creates an account - Explores features and options	- Selects a comic style - Provides story prompt - Generates comic	- Views and reviews the comic - Downloads / shares - Returns for more content
Touchpoint <i>What part of the service do they interact with?</i>	- Website / Mobile App - Sign-up page - Dashboard / Home page	- Story input page - AI generation screen - Progress / loading screen	- Comic viewer page - Download / share buttons - Notification / email
Customer Thought <i>What is the customer thinking?</i>	- Is this easy to use? - Is it free or paid? - Will it really create good comics?	- Will the AI understand my idea? - What style will it choose? - How long will it take?	- Is the result good enough? - Can I share this? - Will I use this again?
Customer Feeling <i>What is the customer feeling?</i>	- Curious - Excited - Slightly unsure	- Anticipating - Hopeful - Engaged	- Happy - Satisfied - Willing to recommend
Process Ownership <i>Who is in the lead on this?</i>	- Product Team - Marketing Team	- Development Team - AI/ML Team	- Product Team - Customer Support Team
Opportunities <i>How can we improve this stage?</i>	- Simplify sign-up process - Add quick tutorial - Improve first-time user guide	- Provide style preview - Add prompt suggestions - Show generation progress	- Add social sharing - Include feedback option - Offer more comic styles

Process Ownership <i>Who is in the lead on this?</i>	Stage 1 • Product Team (Lead) • Marketing Team • UI/UX Team	Stage 2 • Development Team (Lead) • AI/ML Team • Product Team	Stage 3 • Product Team (Lead) • Marketing Team • Customer Support Team
Opportunities <i>How can we improve this stage?</i>	• Improve user sign-up flow and reduce drop-offs. • Add more features based on user feedback. • Increase social media awareness and reach.	• Add more AI models for better comic quality. • Improve loading speed and performance. • Provide more templates and customization options.	• Collect user reviews and ratings. • Share on social media and app stores. • Introduce referral program to grow user base.
